PROFESSIONAL SUMMARY

Computer Science and Engineering (Data Science) graduate with hands-on experience in web development, testing, debugging, data analysis, and machine learning. Skilled in Python, SQL, Excel, Power BI, HTML, CSS, and JavaScript. Familiar with functional testing, UI testing, data validation, issue identification, SDLC, and STLC. Strong problem-solving, analytical, communication, teamwork, and adaptability skills. Seeking entry-level opportunities in Software Testing, QA, Data Analytics, Application Support, or Web Development.

EDUCATION

Marri Laxmi Reddy Institute of Technology and Management <i>B.Tech in Computer Science and Engineering (Data Science) CGPA: 8.4/10</i>	2022 – 2026 Hyderabad, Telangana
Alphores Junior College <i>Intermediate (MPC) 70%</i>	2020 – 2022 Telangana
Johnson Global High School <i>SSC CGPA: 9.8/10</i>	2019 – 2020 Telangana

INTERNSHIP EXPERIENCE

InternPe <i>Web Development Intern</i>	Aug 2024 – Sep 2024 Remote
– Developed responsive web pages and user interfaces using HTML, CSS, and JavaScript. – Tested web interfaces across different screen sizes and identified UI, functionality, and responsiveness issues. – Performed frontend debugging and resolved basic presentation and functionality issues during development. – Collaborated on development activities and implemented interface improvements based on requirements. – Validated user interface behavior and checked application functionality during development and debugging.	

PROJECTS

Malicious URL Detection | Python, Machine Learning

- Developed a machine learning-based application to classify URLs as malicious or legitimate.
- Performed data preprocessing, feature extraction, and data validation using Python.
- Evaluated model performance and analyzed prediction results to identify classification issues.

Resume Builder | HTML, CSS, JavaScript

- Developed a web application for creating professional resumes using customizable templates.
- Implemented form-based data entry and dynamic resume generation using HTML, CSS, and JavaScript.
- Tested user input, page functionality, layout, responsiveness, and basic usability.

Finding a Friend | Web Development, User Management

- Built a web-based platform to connect users based on common interests and preferences.
- Developed user-friendly interfaces and implemented basic user management functionality.
- Validated user flows and tested application functionality to identify and resolve issues.

TECHNICAL SKILLS

Programming: Python, SQL, JavaScript **Web:** HTML, CSS

Testing & Support: Functional Testing, UI Testing, Debugging, Data Validation, Issue Identification

Data & Analytics: Excel, Power BI, Data Analysis, Data Visualization

Databases: MySQL, MongoDB **Libraries:** Pandas, NumPy, Scikit-learn

Tools: Git, GitHub **Concepts:** SDLC, STLC, Machine Learning, Statistics, Database Management

CERTIFICATIONS

Python Certification – HackerRank

IBM Cloud Computing Fundamentals

Deloitte Data Analytics Job Simulation

SOFT SKILLS

Problem Solving | Communication | Teamwork | Adaptability | Time Management | Attention to Detail | Quick Learning
